

You are invited to attend the first Scottish IV Conference

# Improving the Patient's Journey in IV Therapy

A national conference for all healthcare professionals who are striving to improve patient care within intravenous therapy, venepuncture, IV cannulation and central venous access devices.

If you have ever asked yourself: Is my care the best it can be? What is the patient experience of vascular access? What can I do to improve things? Then this Conference is for you.

**Wednesday, 10 November 2010**

**The Beardmore Hotel and Conference Centre  
Clydebank, Glasgow**

**Key speakers:-**
