An invitation to attend the  
**Scottish Vascular  
Access Network**  
First Annual Conference

Sponsored by  
B. Braun Medical Ltd

Dear Colleague,

You are invited to join us at the 1st annual Scottish Vascular Access Conference being held on 4th - 5th May 2010 at the Beardmore Hotel and Conference Centre, Glasgow.

This meeting will bring together health-care professionals with an interest in Intravenous access and therapy. SCOTVAN are fortunate to have some of the nation's experts in vascular access and therapy present at this conference. The aim of the conference is to share best practice and to provide up to date guidance on all aspects of infusion therapy. The workshops are a chance for the delegates to engage and network with the speakers and each other to gain and share current and best practices.

All in all this will prove to be a conference not to be missed and we hope you take this opportunity to expand your knowledge of IV access and therapy.

We hope you will join us.

Yours sincerely,

THE
